

# *Study Guide*

The Hare and Tortoise are preparing for the great race and will be coming to your venue soon. In preparation for their arrival why not...

- Look at the video clip about the two characters. Enter link
- Make a list of the opposites you can think of e.g. fast – slow.
- Read the other Aesop fables and talk about the moral of each tale. What do they mean? Can you think of examples of where they might apply in day to day situations?
- Can you create your own story and give it a moral?

Now you have seen the race and heard our story...

- List the words that describe the Hare and the Tortoise. Can you think of more animal that might have distinct characteristics (e.g. sly fox)?
- To win a race, you need to be fit and healthy. Plan a series of exercise classes for you and your class or family to do to help you get fit. Think about stretching, warming up and some aerobic exercise too. Try them out together. Think about healthy foods, what are they? Design an eating plan for the day/week which includes lots of healthy food and drinks.
- Timings: you will need a stopwatch, pen and paper. Working in twos, write down how long it takes to do different activities or tasks i.e. to walk/ hop or run from one end of the playground / park to another or to fill a bucket with sand and to pour the sand away. Make a chart to show your answers.
- Seasons: Our story take place over a whole year and goes through the seasons. Can you describe what happens in each season? Make a list of words that describe your favourite season and create a simple poem. Create a collage depicting your favourite season.
